

A wide-angle photograph of a wind farm situated on rolling green hills. Numerous white wind turbines are scattered across the landscape, which overlooks a body of water and distant mountains under a soft, hazy sky. The scene is bathed in the warm light of either sunrise or sunset.

IHG GREEN ENGAGE

IHG Green Engage Program

IHG's environmental management system that helps to manage the environmental impact of our hotels without compromising the guest experience. IHG Green Engage is helping us to run sustainable hotels and give our guests and corporate clients a greener stay. The InterContinental Berlin has achieved the 4. stage of Green Engage. For more information, visit greenengage.ihg.com

Shelter in the Storm Program

The IHG Shelter in a Storm Programme provides our hotels with guidance on when and how to respond in times of disaster impacting our hotels, employees and the local community. When a disaster occurs, funds from the IHG Shelter Fund can be allocated quickly to get help to those in need. For more information, visit www.ihgshelterinastorm.com

IHG Academy

The IHG Academy is a collaboration between individual IHG hotels or corporate offices and education providers and/or community organisations. It provides local people with hospitality skills and employment opportunities at the same time as creating a pipeline of potential recruits for IHG. For more information, visit www.ihgacademy.com

BUILDING: LEED GOLD CERTIFIED

- ✔ Use of 100 % green electricity from renewable energies
- ✔ 95 % of the building is equipped with LEDs
- ✔ Investment in modern, energy-efficient system technology
